

# 3 Speaking Worksheet

## GO GREEN!

- 1 In groups of four, look at the list of World Environment Day activities. Discuss how you think each activity contributes to helping the environment.

### World Environment Day Activities

- Clean up your local park / neighbourhood / beach / lakes.
- Organize a sponsored sports event.
- Give a talk on how to help save the planet.
- Plant trees.
- Design, make and sell reusable shopping bags.
- Organize a recycling event.
- Have a save the planet festival where people can try locally grown organic food.
- Make a vegetable garden.
- Create a community garden.
- Have a parade – make and wear eco-friendly costumes, use eco-friendly vehicles as the floats.
- Build a monument or sculpture made of recycled materials.

*A I think planting trees is the most useful thing you can do. It contributes more to helping the environment than building a sculpture.*

*B I feel the same, but it is a good idea to reuse old material.*

- 2 You can use these expressions:

... is ... and more ... than ...

I think / don't think ... is as ... as ...

It's the most ... thing you can do.

good, bad, interesting, expensive, easy, difficult, polluted, useful, important

I feel the same.

I'm not sure about / that ...

On the other hand ...

- 3 Then choose one activity for each category in the table from the list in exercise 1.

Would get the most people involved	<i>Create a community garden</i>
Would contribute the most to helping the environment	
The most difficult to organize	
The best way to encourage people to be more eco-friendly	
The one we'd most like to organize	

- 4 Plan an event for World Environment Day. Decide on ONE activity from the table in exercise 3. Think about the following:

- The name of the event
- How it helps the environment
- Where and when it will take place

- 5 Present your event to the class.
