

Material

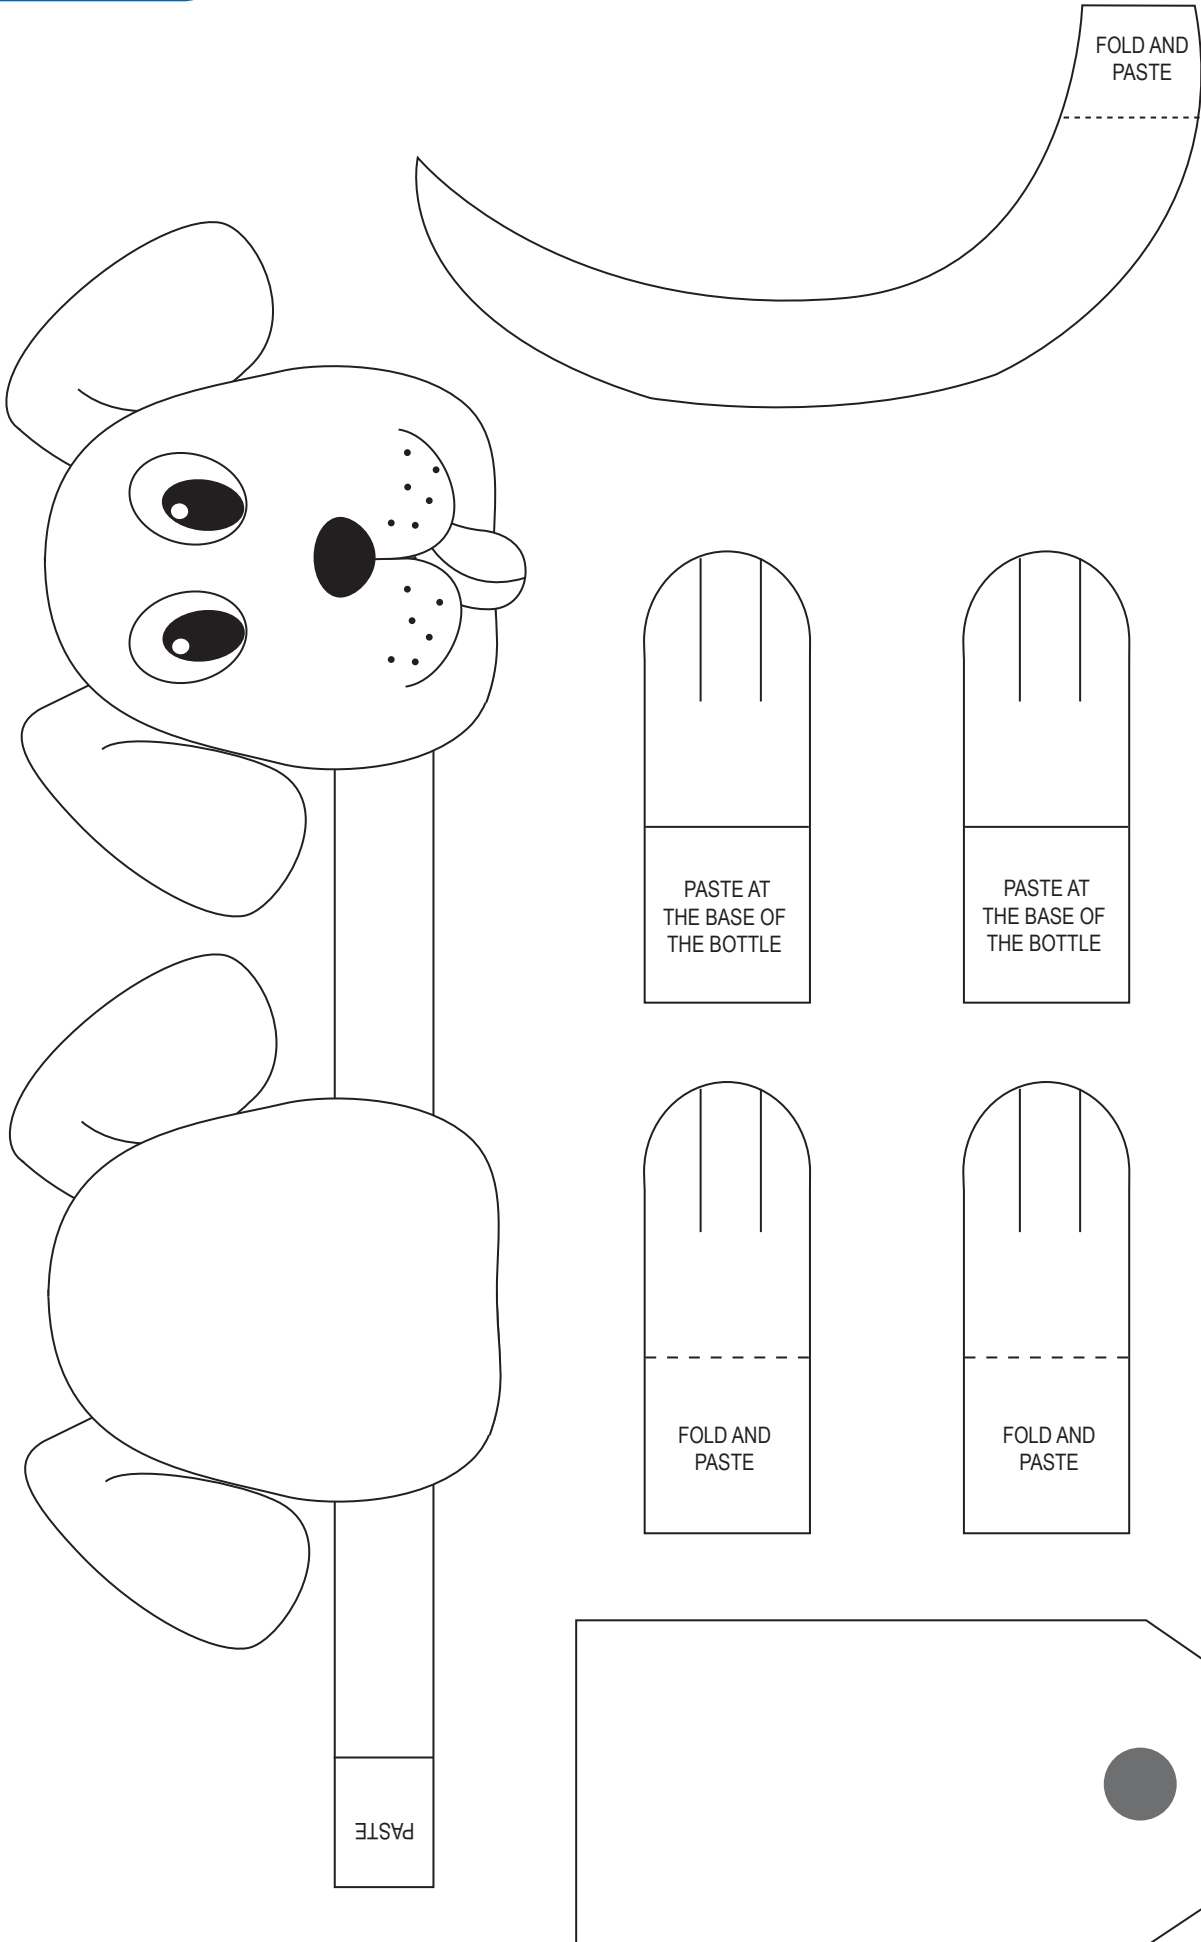

- ◆ Cardboard cat or dog template copy
- ◆ 600 ml plastic bottle with a screw cap
- ◆ Colour pencils
- ◆ Round tip pair of scissors
- ◆ Narrow coloured ribbon piece (20 cm)
- ◆ White glue
- ◆ Gravel or sand
- ◆ Funnel

Instructions

- ◆ Tell the children you will make a pet out of a small plastic bottle.
- ◆ Ask them to choose whether they want to make a cat or a dog as a pet and hand out cardboard template copies accordingly.
- ◆ Instruct them to paint and cut the different parts of the pet. This is a good opportunity to remind them of the vocabulary they have already learnt: colours, pets, numbers.
- ◆ Now tell the children to fill the bottle with gravel or sand with the help of a funnel.
- ◆ Then ask them to follow the instructions and paste the parts of the pet on the bottle.
- ◆ Finally, when the glue is dry, tell the children to complete the pet identification tag and tie it to the neck of the cat or dog with the ribbon as if it were a leash. They can use their pet as a doorstop.

Suggestion: This activity can be carried out after finishing Unit 4.

Material

- ◆ Template copies
- ◆ Lollipop holder
- ◆ Colour pencils or crayons
- ◆ Round tip pair of scissors
- ◆ White glue

Instructions

- ◆ Tell the children you will make a gift for Valentine's Day. Explain Valentine's Day is a time when people show feelings of love, affection and friendship to each other. It is celebrated in many ways worldwide and falls on February 14 each year.
- ◆ Hand out copies of the template, tell them to paint it any colour they want and cut the flower and leaf.
- ◆ Help the children make a hole and insert the lollipop stick in the centre of the flower and tell them to paste the leaf to the stick. Their especially decorated lollipop will be ready for them to present to anyone they want!
