

# Communicative Grammar Game 2

**Objective** To find the owner of a family by asking *Yes/No* questions.

**Grammar** *Is this your family? Yes, it is. / No, it isn't.*

**Interaction** whole class

**Materials** colored pencils, paper (1 sheet per student), scissors, glue sticks

**Preparation** Make copies of Game 2 (1 per student).

## Directions

Distribute copies of the game and the materials. Tell students to choose the members of their own family, including themselves, and color them in. When they finish, have students cut out and glue their family on a sheet of paper (see *Materials*). Finally, ask them to write the title *My Family* at the top of the sheet, but to omit their names. Collect their work.

Redistribute the sheets at random so that each student now has a family that is not his/hers. Drill the question *Is this your family?* If needed, write it on the board for reference.

Invite students to stand up and ask the question until they find the owner of the family.

Finally, divide the class into pairs or small groups.

Invite students to show and talk about their family:

S1: *This is my (grandfather). (His) name is (John).*
