

Unit 2 Reading Worksheet 1

Name _____

1 Read and tick (✓) the examples of entrepreneurs in the article.

- ☐ an entrepreneur who gives cameras to children in poor countries
- ☐ the inventor of a device that cooks food using sunlight
- ☐ an entrepreneur who teaches people to make cheap eyeglasses

Entrepreneurs

What do you want to be? If you don't know, that's OK! Maybe your job doesn't exist yet. Maybe you will create it! Some people who create their own jobs are called *entrepreneurs*.

Entrepreneurs start **businesses**. They invent things or have got new ideas. Then they turn their ideas into businesses. When entrepreneurs create something that many people need or want, they can be very successful.

Some entrepreneurs use their **skills** to help others. For example, one entrepreneur is helping people who can't cook. He is also the inventor of a new **device** that can cook food with sunlight. It's good for the environment!

Another entrepreneur is helping people who need eyeglasses but don't have a lot of money. He's teaching workers how to make eyeglasses. Each pair of glasses only costs a dollar!

Many entrepreneurs use technology to help people. They develop computer applications to educate people or get donations. Entrepreneurs think of helpful new inventions every day!

2 Read and complete the sentences.

turn device is helping is making people use successful
