Table of Contents _____

	Unit	Section 1	Section 2	Section 3	
pages 8-37	Animals	Vertebrates Education through Values: respecting all living things	More Vertebrates	Invertebrates	
		pg. 10	pg. 16	pg. 24	
pages 38-59	Wild Animals	Animal Environments Education through Values: taking care of habitats pg. 40	Human Impact on the Environment	Endangered Animals pg. 24	
pages 60-83	The Human Body	Vital Organs	How the Body Moves Education through Values: respecting diversity pg. 70	Taking Care of Our Bodies pg. 78	
pages 84–107	Water	Properties of Water	Physical States of Water pg. 90	Keeping Water Clean Education through Values: taking care of our planet's water pg. 100	
pages 108-131	Weather	Weather Characteristics	Weather Instruments	Weather Effects pg. 124	
	Invertebrate Album	Glossary	Cutouts	Stickers	
	pag	ge 132 pages 133–			

Section 4	Science Lab	Evaluations	Summary and Review
Animal Life Cycles	Where Will the Ants Go?	What Do You Know? Initial Evaluation pg. 9 Let's Check! Intermediate Evaluation pg. 22 What Did You Learn? Final Evaluation	Test 1 Study Page
pg. 32	pg. 30	pg. 36	
	Which Habitat Do Roly-Poly Bugs Prefer?	What Do You Know? Initial Evaluation pg. 39 Let's Check! Intermediate Evaluation pg. 52 What Did You Learn? Final Evaluation pg. 58	Test 2 Study Page
oich a	When Does My Pulse Change? pg. 68	What Do You Know? Initial Evaluation pg. 61 Let's Check! Intermediate Evaluation pg. 76 What Did You Learn? Final Evaluation pg. 82	Test 3 Study Page
0,15	What Temperature is the Water?	What Do You Know? Initial Evaluation pg. 85 Let's Check! Intermediate Evaluation pg. 98 What Did You Learn? Final Evaluation pg. 106	Test 4 Study Page
	How Can We Measure the Temperature of the Classroom?	What Do You Know? Initial Evaluation pg. 109 Let's Check! Intermediate Evaluation pg. 122 What Did You Learn? Final Evaluation	Test 5 Study Page
	pg. 120	pg. 130
