Unit 1 Healthy Habits

AVA: Eat some apple, Owen! It's a healthy snack.

OWEN: Thanks, Ava! What else do you do to stay healthy?

AVA: Well, I wake up early, at about 7 o'clock. Then I go for a walk in the park. I take a shower, brush my teeth and comb my hair. I always have a healthy breakfast. I drink milk and carrot juice. It's my favorite juice! I go to bed early. Even on weekends!

OWEN: Scottie's schedule from Monday to Sunday: morning walk, three healthy meals, play, go to bed early. Wow! You're really healthy. And who's Scottie? He's very healthy, too.

AVA: Haha! Oh! Scottie's my dog. Come on, Scottie. It's time to play.

SCOTTIE: Woof!

Don't go to bed late!

Karaoke version of Track 2

TEACHER: Children, please welcome doctor Susan Johnson. She's going to tell us how to stay healthy.

DOCTOR: Good morning, children. I'm glad to be here. You'll see that it's really easy to stay healthy.

First of all, wake up early. You can set your alarm at night, so you wake up at the same time on weekdays. It's important that you take a shower every day. Take a short one, so you don't waste water. To keep neat and clean, don't forget to comb your hair. Also, don't forget to brush your teeth after every meal. That way, you will avoid tooth decay and cavities. Please exercise every day. Thirty minutes a day is enough! You will feel relaxed, and you will sleep better. And drink water, at least six glasses a day. Have three meals a day. Don't skip any of them! And if you're hungry between them, you can have healthy snacks. Finally, go to bed early. It's important that you sleep eight to ten hours every night. You will wake up with a lot of energy the following morning. Do you have any questions?

One

GIRL: When do you have breakfast, Jane?

JANE: I eat breakfast in the morning, before school. I have cereal and some fruit.

Two

BOY: When do you have dinner, Ben?

BEN: I have lunch with my family in the afternoon. I like to have cake for dessert.

Three

GIRL: When do you watch TV, Mary?

MARY: I watch TV in the evening. My brothers and I love to watch American football games!

Four

GIRL: When do you do your homework, Lucy?

LUCY: I do my homework after school. My dad always helps me.

Five

BOY: What do you do on weekends, Mario?

MARIO: I play in the park with some friends.

Six

BOY: When do you go to bed, Omar?

OMAR: I go to bed at 9 o'clock at night. On weekends, though, I go to bed a little later.

JIMMY: How was your presentation, Josie?

JOSIE: It was great! I talked about my dad's routine.

JIMMY: Really? Tell me about it.

JOSIE: Well, my dad doesn't wake up in the morning. He wakes up at 4 o'clock in the afternoon.

JIMMY: He wakes up in the afternoon?

JOSIE: Yes. Then he takes a shower, he gets dressed and combs his hair.

JIMMY: And when does he go to work?

JOSIE: He goes to work in the evening, at 7 o'clock. After work, at 6.30 in the morning, he comes home. He eats breakfast, and he brushes his teeth.

JIMMY: Wow! And what time does he go to bed?

JOSIE: He goes to bed at 7:30 in the morning!

JIMMY: Why does he do that?

JOSIE: Because he's a taxi driver! He works at night.

JIMMY: Oh!

BOY AND GIRL: The world is big! The world is small!
We like to learn about the world!

CAM: Let's go to Chad!

Marhabaan! My name's Arafa. I live in the city of N'Djamena in Chad.

On weekends, my family and I wake up early to go to the Millet market. We buy fruit and fresh vegetables. I like dates, because they're sweet. You can find fresh and dried dates at the market.

When we go home, my parents prepare lunch. Chad is famous for its delicious, healthy food. My favorite food is *daraba*. It's a soup with carrots, tomatoes and green vegetables. I also love *aiyash* balls. These are made of a grain called millet. You can eat them with different sauces. Mmm! My mom's favorite dish is peanut and squash stew. She adds coriander leaves when she serves the stew. She says my grandma's recipe is the best! If you can, try one of these dishes, they're yummy!

BOY AND GIRL: The world is big! The world is small!
We like to learn about the world!

CAM: Thank you, Arafa from Chad.

One

MIKE: Do you wake up early, Janet?

JANET: Yes! I wake up early in the morning to go to school. On weekends, I wake up later, at 10 o'clock.

MIKE: Me too!

Two

DOCTOR: When do you brush your teeth, Oliver?

OLIVER: I brush my teeth in the afternoon, after I eat some cookies and drink milk.

DOCTOR: Well, that's fine. But don't forget to brush them three times a day, after each meal.

Three

DAD: Rita, don't forget to drink water. I know you like juice, but water is healthier.

RYTA: OK, Dad. I'll drink a glass of water in the evening, before bed.

Four

DOCTOR: When do you exercise, Martin?

MARTIN: In the morning, in my P.E. class. My teacher is great.

Five

JOSIE: Ava, what do you do on weekends?

AVA: I have lunch with my family at a restaurant; we don't cook at home.

Karaoke version of Track 15

TEACHER: Children, listen. This is Lucas. He lives in the countryside and he's going to talk about it.
LUCAS: Hello, everybody! There are a lot of things to do in the countryside.

One

You can feed the chickens. They eat seeds and grass.

Two

You can also milk a cow. You don't need to buy milk in the supermarket.

Three

And you can pick berries. My family and I pick them in the summer.

Four

I also climb trees with my cousins. There are big, strong trees in the countryside. Some of them are very old, too.

Five

You can go fishing in a lake, too. Be patient, a fish will bite your float!

Teacher: That sounds amazing! Lucas, what do you think about the city? Do you like it?

Lucas: Yes, I do. There are so many fun things to do.

Six

You can eat at a restaurant every weekend. My favorite one is the Italian pizza place downtown. I love pizza!

Seven

I can visit museums more often, too. I like to look at all the paintings and sculptures.

Eight

Finally, we can ride a bus to go places. We don't have to drive our car!

Teacher: Thanks for sharing, Lucas. Come visit us soon!

One

GIRL: How often do you feed the chickens, Ms. Brown?

MS. BROWN: I always feed the chickens in the morning. Every day! Do you want to try?

Two

GIRL: How does your dad get to work, Ian?

IAN: He usually rides a bus. Four times a week, I think. The rest of the days he rides his bike.

Three

BOY: How often do you visit museums, Jane?

JANE: I sometimes visit museums. Usually one Sunday a month. I like to learn about fossils.

Four

BOY: How often do you milk cows, Susan?

SUSAN: I never milk any of the cows on the farm. I don't know how to do it yet.

JOSIE: Hi, Bucky! Please tell us more about your day.

JIMMY: For example, how often do you ride a bus to school?

BUCKY: Well, I never ride a bus. Look! I always ride my bike to school.

JIMMY: Really? We usually ride a bus to school.

JOSIE: What do you do for fun, Bucky? How often do you go to the movies?

BUCKY: Well... Sometimes my dad drives us to the city, and we go to the movies.

JOSIE: What about the restaurants where you live? How often do you eat at a restaurant?

BUCKY: Oh, I never eat at a restaurant, because we only eat our farm food.

JOSIE: That's great!

JIMMY: Yeah! We never feed the chickens or milk the cows in the city. And are there any lakes near your farm, Bucky?

BUCKY: Yes! I go to the lake once a week. I go fishing and sometimes I go swimming, too.

JOSIE: Wow! You do have fun in the countryside.

BUCKY: Now, tell me about you guys. What do you do for fun?

JIMMY: Well, Grandma lives here in the city, so I usually visit her once a week.

BUCKY: Wow, that's great!

JIMMY: Yes! She's really cool. We sometimes eat at a restaurant, about three times a month. We love having cake for dessert.

BUCKY: Sounds great! I never eat at a restaurant, but I bake chocolate cakes with my mom. What else do you do?

JIMMY: Well, Grandma loves museums, so we go to a museum twice a month.

BUCKY: Wow! What about you, Josie?

JOSIE: I walk with my dog, Max, in the park once a day. The park is near my home.

BUCKY: And what's your favorite thing to do?

JOSIE: My favorite thing to do is watching movies. I go to the movies four times a month!

BUCKY: Oh, that's a lot!

BOY AND GIRL: The world is big! The world is small! We like to learn about the world!

CAM: Let's go to Australia!

 22

Hello! My name's Jack. I'm from Perth in Western Australia. I'm eight years old and I'm a volunteer at the Caversham Wildlife Park. There are amazing things to do there.

First of all, you can pet koalas and have pictures taken with them. You can't spend too much time with them because they need to sleep at least 18 hours a day! You can also feed kangaroos. I show visitors how to feed them! Visitors can also learn about reptiles and see endangered animals such as the Tasmanian Devil. I think it is important for people to know about endangered species, so we can all help protect them.

My favorite thing to do at the park is to answer questions from visitors about kangaroos. They're my favorite Australian animals and I know a lot about them. For example, they eat grass and some types of flowers. They eat and sleep about five times a day! Kangaroos can travel almost 50 kilometers an hour! And hop nine meters in a single bound! They're amazing! If you come to the Caversham Wildlife Park soon, I'll teach you more about them.

 23

BOY AND GIRL: The world is big! The world is small!
We like to learn about the world!

CAM: Thank you, Jack from Australia.

Plan Ahead

Before you start,
Always plan ahead.
To know what to say and do,
The best way is to think it through.

Do you sometimes try
To do something new,
But forget to plan ahead?
And it doesn't turn out well?

That's why before you start,
Always have a plan in mind.
To know what to say and do,
Planning ahead
Is the very best plan,
So always think it through!

JIMMY: There's a little cheese, a few strawberries, some chocolate and a lot of flour.

CAM: Let's go to Uruguay!

 36

¡Hola! I'm Federica and I'm from Uruguay. Uruguay is a very small country in South America. It's next to Argentina and Brazil. *Uruguay* means "river where the bird lives" in Guaraní, a native language. The capital of Uruguay is Montevideo. That's where I live!

 37

In Montevideo, there's a neighborhood near the beach called *Pocitos*. There are some tall buildings in *Pocitos*. My family and I like going to Constitution Square on weekends. Sometimes, there are tango contests there.

We also go to *Casapueblo*, in *Punta Ballena*. *Casapueblo* is an unusual white building that has a museum, a cafeteria and a hotel. We always have a great time there!

Cabo Polonio is another one of my favorite places. It's a small village in the east. There's a historical monument there, the *Cabo Polonio* Lighthouse. The view from there is amazing!

 38

BOY AND GIRL: The world is big! The world is small!
We like to learn about the world!

CAM: Thank you, Federica from Uruguay.

You can have it. And I can eat the chicken.

There's some bread and a few cookies in the jar next to it. Do you want one?

PAUL: Sure! I never miss a ball.

MELANIE: And I'm really good at jumping. Look! I can block well.

VERNON: What? Oh, no!

COACH FLOYD: What about you, George? What are you good at?

GEORGE: Uhm... I don't know much about basketball, but I'm good at running. I won a race once.

COACH FLOYD: Well, that's great for the team. ... You're doing great, kids. You're a great team!

VERNON: Wow! You're fast, George.

Karaoke version of Track 58

WOMAN: Kids, can you tell me what sports you play at the sports center?

One

Of course. I play soccer with my team. I'm very good at scoring goals.

Two

I play basketball twice a week. I'm very good at blocking.

Three

Sometimes, I play tennis with my best friend. He always wins because his serve is very fast.

Four

I play baseball, that's my favorite sport. My helmet is really cool.

Five

IAN: And I love to play volleyball. It's a great team sport.

WOMAN: I'm sure it is. Thanks a lot, kids.

PODCAST HOST: Hello, everybody! Today we have a special guest, Coach Katy. She's going to talk about sports.

COACH KATY: Thanks for having me.

One

To play tennis, each player needs a racket that is right for him or her. It can't be too heavy or too light.

Two

The ball should go over the net. If it hits the net, the player loses a point.

Three

In baseball, you hit the ball with a bat. It is made of wood, and it is pretty heavy.

Four

The players called catchers use a glove to help them catch the ball.

Five

Baseball players play on a big field called a "diamond" because of its shape.

Six

You play basketball on a court.

Seven

To score a point in basketball, you should put the ball through the opponent's hoop.

Eight

In soccer, it is common for players to get kicked in the legs, so they wear shin pads for protection.

Nine

A goal is a pair of posts linked by a crossbar, with a net attached behind them. To score, a soccer player has to send the ball into the goal.

Podcast host: Thanks, Katy. I think we've all learned a lot!

JOSIE: Hi, Jimmy! Sorry, I'm late. How's it going?

JIMMY: You haven't missed much, Josie. We're not playing well today.

JOSIE: Really? What's wrong with the team?

JIMMY: I don't know. They're just playing really badly. Look at Rodriguez. He's moving very slowly, and he just missed a perfect opportunity. The Blues are passing the ball really well. They're much better than us.

JOSIE: Well, let's not lose hope. There's still time. Oh, no! Goal for the Blues! Our goalkeeper is playing really badly.

JIMMY: Yes, and we only have one more minute to play.

JOSIE: Look, Jimmy! We have the ball now. What a great pass! If Ben runs really quickly, he can score.

JIMMY: Yes, he can! Come on Ben! Goaaaaaaaaallllll!

JOSIE: Well, I like how that turned out! Let's go and grab some lunch.

63

BOY AND GIRL: The world is big! The world is small! We like to learn about the world!

CAM: Let's go to Madagascar!

64

Salama! My name's Miary. I come from Madagascar. Madagascar is an island country in Africa. Its capital city is Antananarivo, and it's located in the center of the country. People in Madagascar are called Malagasy. Both men and women wear traditional clothes called *lambas*. They are very colorful and are made of raffia palm or cotton.

In my country, there's a beautiful type of tree called the baobab. Some baobabs are 20 meters tall. They are called "the tree of life" because they can live up to 3000 years.

There are more than 100 species of lemur in Madagascar. My favorite one is the ring-tailed lemur. Because lemurs are an endangered species, they live in national parks, like the *Tsingy de Bemaraha* National Park. Tourists go hiking there. It's also known as the "forest of limestone needles" because of the pointy rocks you can find there.

65

BOY AND GIRL: The world is big! The world is small! We like to learn about the world!

CAM: Thank you, Miary from Madagascar!

One

This is a team sport. There are eleven players on each team and the objective is to score more goals than the other team.

Two

My team plays on a court. At each end of the court, there is a hoop. I'm very good at getting the ball through the hoop and scoring points for my team.

Three

I love playing this game in the summer with my best friend on the court near my house. Sometimes I win, sometimes I lose, but I never throw my racket on the ground because it is against the rules.

Four

The objective of my favorite sport is to pass the ball over a net using your hands and arms.

Unit 6 Go Green

GRACE: Can I have that bottle? There's a recycling contest at school and I'd like to win.
MOM: Sure, Grace.
DAD: What's the bottle made of, Grace?
GRACE: Well... it's made of plastic, so it goes in the red container.
MOM: Yes! Put it there. We'll take the containers to school at the end of the week.
GRACE: What else can I recycle?
MOM: You can recycle paper, glass, cardboard and metal. But remember, everything has to be clean.
GRACE: I found some metal cans!

DAD: Great! Put them in the brown container. I'll put these old newspapers in the blue one.

MOM: I found these glass jars. You're going to win, Grace!

DAD: And you're helping the environment, too. A lot of these objects pollute the oceans and kill sea animals.

GRACE: You're right, Dad. Recycling is important. I'll do it every day.

DAD: Good idea!

Reuse and Recycle!

Reuse and recycle, let's do it every day!
Reuse and recycle, let's do it all the way!

Don't throw away used cans,
You can use them to grow plants.
Don't throw away paper,
It can be useful later!

Reuse and recycle, let's do it every day!
Reuse and recycle, let's do it all the way!

Collect plastic bottles and boxes, too,
Put them into a container—make sure it's blue!
Wash things before you recycle—make sure they're clean.
Then before we know it, the Earth will be green.

MOM: John, please help me put everything in the recycling containers.

JOHN: Sure, Mom. Can you tell me where each thing belongs?

MOM: Of course!

One

Put the plastic bottles in the red container.

Two

MOM: Please put the old newspapers in the blue container.

JOHN: What about the containers on the counter, Mom?

Three

MOM: Oh! Those are reusable containers. Leave them there, please. I'll use them to put away some food in the fridge.

JOHN: OK!

Four

Put the glass jars in the green container. Put them in one by one so they don't break.

Five

The milk carton goes in the blue container, just make sure it's clean.

Six

Put the cardboard box in that container, too. It's already empty.

Seven

MOM: Now, please help me carry all the recycling containers to the car. We'll take them to the recycling center.

JOHN: No problem, Mom!

One

DAD: Kim! Please turn on the lights, it's really dark here.

KIM: OK, Dad!

Two

CASHIER: Thank you, ma'am. Do you need any plastic bags?

COSTUMER: No, thank you. I have my own bags. I reuse them every time I go shopping!

CASHIER: That's great. You get 10 cents off for every bag you reuse.

Three

PAUL: Mom, I'm clearing the table. Do you want me to throw this trash away?

MOM: Yes, please. Throw it away.

Four

MOM: Lucy! Remember to take a short shower! We need to reduce the amount of water that we use.

LUCY: OK, Mom! Only five minutes!

Five

GRANDMA: Nina, what are you doing?

NINA: I'm brushing my teeth, Grandma.

GRANDMA: Please turn off the water tap while you're brushing your teeth, it's a waste.

Six

LULU: Mom! Where do these plastic bottles go?

MOM: Recycle them, please! Put them in this green container.

LULU: OK! Thanks, Mom.

MISS CLARK: What are we working on this month?

CHILDREN: We're learning how to become climate action superheroes.

MISS CLARK: Please tell me one thing that you're doing this month that is different. Paul, do you want to begin?

PAUL: Yes, Miss Clark, in my family we usually throw away plastic bottles, but this month we're recycling them every week.

MISS CLARK: That's great, Paul. Anyone else? Anita?

ANITA: Yes, Miss Clark. My mom usually drives the car to work four times a week, but this month she's riding her bike every day.

MISS CLARK: Thank you, Anita. That's a very good way to help the environment. Anybody else? Yes, Josie?

JOSIE: Thank you, Miss Clark. Well, I usually forget to turn off the water while I brush my teeth. But this month, I'm trying to make sure I remember to do it.

MISS CLARK: Excellent, Josie! It's not good to waste water. What about you, Jimmy?

JIMMY: My dad and my grandpa are very good at recycling.

MISS CLARK: Oh fantastic, Jimmy! Can you tell us what kinds of materials they recycle?

JIMMY: Yes! They always recycle their jokes and stories! They tell them again and again!

MISS CLARK: Oh, Jimmy! That's not the same kind of recycling! Give me another example, please.

JIMMY: Sorry, Miss Clark. I know one! I usually throw away used paper, but this month I'm reusing it when I paint.

MISS CLARK: Great! That's a very good example. Thanks, Jimmy.

BOY AND GIRL: The world is big! The world is small! We like to learn about the world!

CAM: Let's go to Norway!

 77

Hallo! I'm Aksel from Norway. You can do a lot of exciting activities in my country. In Oslo, you can visit the Museum of Cultural History. You can see an ancient Viking *drakkar*, a type of boat.

You can also go skiing! In Norway, children start learning how to ski when they are very young. My family goes skiing in Geilo in the south of the country.

I also like hiking and my favorite place to do it is Saltfjellet-Svartisen National Park. If you're lucky, you can see an Arctic fox there. They can live in low temperatures, even as low as -70°C .

Geocaching is a popular treasure-hunting game. You need to have a special app on your mobile phone to play it. I love this game.

BOY AND GIRL: The world is big! The world is small!
We like to learn about the world!

CAM: Thank you, Aksel from Norway!

DAD: We're going to the recycling center today, Cindy. Can you help me get everything ready?

CINDY: Sure, Dad!

DAD: Please, help me put all these old newspapers in the green recycling container.

CINDY: OK! And where can we put these plastic bottles?

DAD: Those go in the red container, please.

TOD: Who's that boy, Hannah? Let's invite him to play with us!

HANNAH: He's Luca and he's really friendly. He reads so much! Hello, Luca!

TOD: Come and play with us!

LUCA: Hi, guys. Sure! Just let me put my book away.

HANNAH: What kind of books do you like? I like adventure books. My favorite one is *Peter Pan*.

LUCA: Great! I like fantasy books. Now I'm reading *The Last Knight*.

TOD: Tell us more about your book. It looks exciting.

LUCA: It's about a brave knight who has loads of different adventures. In the chapter I'm reading, he's fighting a big dragon.

HANNAH: Dragons are cool, especially the ones that breathe fire!

TOD: What other creatures are there in your book?

LUCA: There are Cyclopes, too! They're giants with one eye in the center of their face.

HANNAH: Guys, I have an idea. Let's act out the story!

TOD: Sure! We still have some time before our next class.

HANNAH: I'm a scary dragon! And this is my castle.

LUCA: I'm the knight and this is my sword.

TOD: And I'm a terrible Cyclops!

 85

I Love Reading

I love reading, books are great!

I sometimes read until it's late.

I like reading to explore.

I like reading to learn more.

Your imagination grows, it's true!

Reading books is good for you.

You can become spies, heroes or kings.

Fly on a dragon with orange wings.

Read a story or two at night,

And you might dream about a knight,

Or a bad giant, or a good queen,

To wake up fresh and never mean!

PAUL: What kind of books can children find in your library?

ELIZABETH: Oh, they can find different types of books, actually. On one hand, we have fiction books. These talk about imaginary worlds and characters. For example, let's take fantasy. These are books about events that are unlikely to happen because they include magical or supernatural elements. We have one here, *The Princess and the Frog*.

And here we have the mystery books. In a mystery book, there is always a secret or even a crime that needs to be solved. You need to follow the clues and try to solve it before you get to the end of the book! If you like this type of book, I can recommend *Follow the Clues*.

Now, science fiction books have stories set in the future that are linked to science, technology and life on other planets. *Life from Planet Wells* would be a great book if you're interested in these topics.

But adventure books are my favorite! They are usually about a hero who has to overcome a lot of complicated obstacles throughout the story. In our library, you can find *Into the Caves* and follow an explorer into dark, scary caves.

We also have nonfiction books. These give you information about the world around you. In this section, you can find history books. These are great for kids who like to learn more about the past. *Ancient Egypt* is an amazing book if you are interested in knowing more about this ancient civilization.

There are also informational books that give you facts about a specific topic, such as animals, health, sports and natural wonders. Look, *Lions of Africa* will tell you everything you need to know about these big cats!

PAUL: Wow! I need to come with my friends to borrow some books.

ELIZABETH: Yes, come back soon!

 88

One

A detective is a character from a mystery book. He looks for clues and writes them down in his notebook. He solves crimes!

Two

A secret agent is a character who looks for secret information; he's really smart.

Three

An alien is a character from a science fiction book. It comes from another planet.

Four

A ghost is the spirit of a person who lived a long time ago. It usually haunts houses.

Five

Fantasy books usually include monsters; these are imaginary creatures. Some of them are actually friendly.

Six

A king rules a kingdom. He wears a crown and sits on a throne.

Seven

A queen can be a ruler of a country or a wife of a king. In literature, there are good and bad queens.

Eight

A hero in a fiction book has to conquer a lot of obstacles to finally achieve something great.

Nine

A villain is a character who usually has terrible intentions and often wants to destroy something.

JOSIE: What book were you reading the other day? Was it a fiction or a nonfiction book?

JIMMY: It was an adventure book. I don't remember the title, though.

LIBRARIAN: Be quiet, please!

JOSIE: Was there a hero?

JIMMY: Of course, there was a hero. It's an adventure book.

JOSIE: Was there a villain?

JIMMY: Oh, there wasn't one villain—there were some pirates. They were all very scary.

LIBRARIAN: Shhhh! Please!

JOSIE: Was there some treasure?

JIMMY: Yes, there was some treasure on an island, and they all wanted to find it.

JOSIE: Were there monsters on the island?

JIMMY: No, there weren't any. There were other obstacles on the way.

JOSIE: And...

JIMMY: There wasn't anything that the hero couldn't overcome. She was amazing.

JOSIE: She?

JIMMY: Yes, the hero was a brave girl who wanted to get the treasure to help the people in her poor village.

LIBRARIAN: Shhhhh!

JIMMY AND JOSIE: Sorry, Miss Brown.

JOSIE: Oh, I know! Was there a pirate ship on the cover?

JIMMY: That's right!

JOSIE: It's called *Megan's Treasure*.

BOY AND GIRL: The world is big! The world is small! We like to learn about the world!

CAM: Let's go to Mongolia!

Sain uu! My name's Chimeg. *Naadam* is my favorite festival in Mongolia. *Naadam* is celebrated each year from July 11th to July 13th. Many competitions and art performances take place during the festival. It has three main traditional games: wrestling, archery and horse racing.

In wrestling competitions, wrestlers wear vests, pants or shorts and boots.

Both men and women can participate in the archery games, but they use different bows. They also wear traditional costumes.

My favorite competition is horse racing. I'd like to become a jockey and race soon! Children can participate in this competition. My dad says that I can race in two years.

There's also traditional music at the festival. Musicians play different Mongolian instruments; one of them is the *morin khuur*. It's a small stringed instrument that is played with a bow. People also call it a horse fiddle because it has the shape of a horse's head!

BOY AND GIRL: The world is big! The world is small! We like to learn about the world!

CAM: Thank you, Chimeg from Mongolia!

 93

CHARLOTTE: Hi, Becky! How was your summer?

BECKY: Hi, Charlotte. It was great! I spent a lot of time in the library in the city where my grandma lives. There were so many books there!

CHARLOTTE: How many books did you read?

BECKY: I read three. My favorite was a fiction book called *Mystery House*. There were only good characters in it: a girl, a detective and a ghost.

CHARLOTTE: Surely, the ghost was bad...

BECKY: No, it was really friendly. He was helping the detective and the girl solve the mystery.

CHARLOTTE: So... there weren't any monsters in it?

BECKY: No, there weren't any monsters.

CHARLOTTE: Was there at least one villain?

BECKY: Hahaha! No, there wasn't. Did you read any books over the summer?

Unit 8 My Summer Vacation

 97

ANDY: Welcome back, Mitch!

PAIGE: Where were you the whole summer?

MITCH: Hey, guys! I was on vacation with my family. We were at a town near the beach, but...

ANDY: Oh, I love the beach! You can eat ice cream because it's very hot!

PAIGE: I love the beach, too. You can swim in the ocean and look for shells.

MITCH: But we weren't at the beach.

ANDY: Why?

MITCH: It was rainy and windy.

PAIGE: Oh, no! That's terrible!

MITCH: No, it wasn't that bad. There were a lot of things to do. One day, we visited a children's art gallery. Some of the paintings were amazing! We also went to the botanical garden several times. I took pictures of the snap plants they have. We couldn't go to the zoo, because it was closed for the summer. We visited the aquarium instead. It has a phenomenal collection of jellyfish. I'll show you the pictures later.

Karaoke version of Track 98

I went to Surfside last summer. It was so much fun. There were a lot of things to do there.

One

We stayed at a small hotel with a swimming pool.

Two

The beach was about a 10-minute walk from the hotel. We collected a lot of shells there!

Three

There was also an aquarium with a lot of different kinds of sea animals. There were sea lions and seals! They know how to do a lot of tricks.

Four

There was a zoo, too. My favorite animal was the giraffe. Giraffes have really long necks!

Five

We also visited an art gallery and admired paintings by the local artists.

Six

My sister's favorite place was the botanical garden. She loves exotic plants.

Seven

My parents' favorite place were the mountains near the town. One day we hiked there for hours.

Eight

And my favorite place was the amusement park. I love roller coasters!

One

I often go to the beach with my family. I love swimming in the ocean and collecting shells. I have a big collection at home!

Two

I like to take pictures of places I visit when I'm on vacation. I have hundreds saved on my computer.

Three

We usually go to my aunt and uncle's farm on vacation. This summer I would like to go to the beach and stay at a hotel instead.

Four

Going to an amusement park is fun. I go on every ride, but I prefer the fast ones.

Five

When the weather is good, I like to relax outside. I have a hammock in the backyard, and I can stay there for hours.

Six

I'd like to hike in the mountains next summer. There are some mountains near my grandparents' house.

JIMMY: Welcome back, Josie! Where did you go on vacation?

JOSIE: Hello, Jimmy! We stayed at a hotel near the beach. I have some pictures.

JIMMY: And how was it?

JOSIE: There were a lot of people at the hotel. It was really noisy and dirty.

JIMMY: Oh, no! That's too bad.

JOSIE: Yeah, I know. One day we wanted to visit the local art gallery, but it was closed. For the whole summer! And on top of that, it rained every day.

JIMMY: Oh! I'm so sorry. It doesn't sound very good. Did you collect any shells to add to your collection?

JOSIE: There were no shells at the beach. I didn't like my vacation at all! But tell me about yours. I hope you had a better time.

JIMMY: I did! We stayed at home this year. My brother and I spent a lot of time relaxing outside. The weather was nice. It didn't rain here.

JOSIE: Well, that's lucky.

JIMMY: We went to see my grandparents one day. It was my grandma's birthday. She had a great time! I liked my vacation a lot. Next year, stay at home, Josie!

BOY AND GIRL: The world is big! The world is small! We like to learn about the world!

CAM: Let's go to The United States!

Hi! I'm Christopher and I'm from Florida, in the United States. There are a lot of interesting places you can visit in Florida when you're on vacation. One of them is Miami Beach. It is a cosmopolitan

city with beautiful beaches. Most of the year, it's sunny and hot, so you can swim in the ocean all day.

Another amazing place is the Everglades National Park. It is a wetland ecosystem covered with saw grass, a grass-like plant that grows in water. You can rent an airboat and take a tour across the Everglades. Airboats go so fast that you feel like you're flying.

If you like hiking, there are some parts of the park where you can do that. One of them is Anhinga Trail. You can even see alligators passing near you! An alligator is similar to a crocodile. An easy way to tell them apart is by the shape of their snouts. Alligators have a wide, rounded snout, while crocodiles have a long, pointed one.

Finally, if you enjoy movies, TV shows and amusement parks, the perfect place for you is Universal Studios. There are different rides, shows and even a big dragon at the entrance of one of the Harry Potter attractions!

BOY AND GIRL: The world is big! The world is small! We like to learn about the world!

CAM: Thank you, Christopher from The United States!

One

DAD: Look, Tammy! There are a lot of beautiful flowers and plants.

TAMMY: Yeah! I'm glad we came to the botanical garden after all. Let's take some pictures.

Two

JUNE: Where did you stay while you were on vacation, Ian?

IAN: We stayed at a small hotel for three nights. It was really clean and comfortable.

Three

LUCY: Hey, Neil! Where were you last summer?

NEIL: I visited my grandparents; they live in a village near the mountains. I went hiking every morning.

Four

IAN: What was your favorite animal at the aquarium, Cassie?

CASSIE: My favorite animals were the sharks. Did you know that they've been on earth for at least 420 million years?

Five

NEIL: Did you enjoy your weekend, Mary?

MARY: Not much. My family and I went to an amusement park, but I don't like them. Roller coasters are so high and scary!

Six

MILA: It's about the ancient Egyptians.
FRED: Who were they?
MILA: They were people who lived in Egypt a long time ago.
FRED: What are these structures?
MILA: They are the pyramids. They were tombs for the pharaohs.
FRED: Wow! Who were the pharaohs?
MILA: They were the leaders of Egypt, like kings or queens!
FRED: Were there a lot of pharaohs?
MILA: No, most people were farmers. They grew lentils, grapes, wheat and more!
FRED: So, they made food...
MOM: The food is ready! Who is hungry, kids?

LUIS: What are you reading, Lily?
LILY: I'm reading about the Roman empire. Look, here's a picture of it!
LUIS: Let me see.

One

LILY: This man was the emperor, which means he was the leader of the Roman empire. He's wearing a laurel crown because he just won a battle.

Two

LILY: Now look at this large building with all the columns. The Romans were amazing architects and they built solid buildings so that they would last for a long time. They were the first ones to use cement and concrete.

LUIS: Wow! And what is this other building?

Three

LILY: It is an open-air theater arranged in a semicircle. It had a stage for the actors and sometimes they also had an orchestra.

Four

LILY: They also had a seating section for the audience to watch the play. Just like today's modern theaters.

LUIS: Great! So, they did some of the activities we do today.

Five

LILY: Yeah! Look, they also went shopping in the market. People could buy fresh meat, fish, fruit and vegetables there.

Six

LILY: And this is a vendor, he's wearing a yellow tunic. He is selling spices and grapes at the market.

LUIS: Wow! So, they also ate the food we eat today?

Seven

LILY: Yes! They grew all kinds of food in big fields. Most of the people worked in the fields as farmers.

Eight

LILY: The most important crops were grains, olives and grapes. Look, here is one of the main crops, wheat. They used wheat to make bread!

LUIS: Hmm, now I want some! Is there any left, Lily?

 114

One

GRACE: What kinds of goods do they sell at that market?

SARAH: The vendors sell all kinds of goods: vegetables, fruit, meat and even clothes.

Two

DAD: Grace, did you already pay for your ice cream?

GRACE: Not yet, Dad.

DAD: Don't worry. I'll do it. Here you are, sir.

Three

LUISA: What kind of crops do you grow, Janet?

JANET: I grow crops such as cabbage, broccoli, kale and lettuce.

Four

GRACE: What's your dad's job, Ian?

IAN: He's a builder. He and his team build new houses, restaurants and apartment blocks.

Five

SARAH: What's your brother's favorite kind of movie, John?

JOHN: He likes comedies. He laughs a lot at all the jokes.

Six

JOHN: And what's your mother's favorite kind of movie, Sarah?

SARAH: She likes comedies, too. She doesn't like dramas because she always cries when something sad happens to the characters.

115

TEACHER: Listen, class. Does anyone have a question for Jimmy and Josie? Yes, Mary.

MARY: Thanks, Mr. Jones. Jimmy, why did the Romans build the Colosseum?

JIMMY: They built it so people could go and see sporting events and plays there. Most of these events were free, so the Romans didn't have to pay to go in.

MARY: Thanks, Jimmy.

NOAH: Josie, how many meals did the Romans eat?

JOSIE: They ate three meals a day, just like we do. And they ate a lot of things we eat today: cheese, meat, fish and fruit. Grapes were very popular.

NOAH: Did they eat bread, too?

JOSIE: Yes, they ate it with every meal. That's why farmers grew crops like wheat. Yes, Charles?

CHARLES: Did Romans have supermarkets?

JIMMY: Hahaha! Well, not like we have today. But they had indoor markets with different stores inside. They also had street markets.

JOSIE: And vendors sold food and clothes there.

NOAH: Are your Roman clothes comfortable, Jimmy and Josie?

JIMMY: Yes, they are! These are called *togas*.

JOSIE: The Romans didn't wear T-shirts or pants.

TEACHER: That's all for today, children! Thanks, Josie and Jimmy.

BOY AND GIRL: The world is big! The world is small! We like to learn about the world!

CAM: Let's go to Cambodia!

Suostei! I'm Kiri. Welcome to Cambodia! Cambodia is a small country in Southeast Asia. It is bordered by Thailand, Laos and Vietnam. Its capital is Phnom Penh. It's the largest and most populous city in Cambodia. I live there, but most of the people in Cambodia live in the countryside, almost 80% of them. There are many temples in Cambodia. In Angkor Wat, there is a complex of more than a thousand temples! They were built in the 12th century by King Suryavarman II. We still have a king in Cambodia, but also a prime minister. Khmer is the official language of Cambodia, but some people also speak French or English.

I enjoyed going to this place. There were a lot of paintings and sculptures. I'd like to become an artist one day!

My favorite animals at this place were the ring-tailed lemurs. They can jump really high!

Three

My favorite plants in this place were the snap plants. I saw one of them eating an insect.

Four

Our room was really comfortable and clean. Besides, it had a big swimming pool.
